CHAIRS**

# OUR FOLDING AND STACKING CHAIRS

Our commercial chairs collection is an attractive range of comfortable, lightweight, robust and elegant folding or stacking chairs in a broad choice of styles and colours. They aesthetically complement our tables, bar stools or benches. Each chair is designed to suit multiple venues, indoor or outdoor. Our chairs can easily carry a load of 100-120kg and most have a fire retardent treatment. Thanks to our heavy duty folding chair trolleys, they can be easily transported and stored.

## Stacking chairs

We offer a large selection of high quality stacking chairs that are modern, aesthetic, ergonomic and available in a variety of colours. Our chairs **Maya**, **Napoleon**, **Snow** and **Diva** have been designed to suit multiple venues and will definitely bring a touch of elegance to your events. The Lifetime chair ref **80310** is a 'must have' to equip a meeting room, conference room, or a waiting room.

Our stacking chairs will bring style and function to any establishment.

## Folding chairs

We also offer a wide range of folding chairs in polyethylene, polypropylene, steel and fabric. The Pro-Fold and Lifetime folding chairs are ideal for small or large events and gatherings. The **Prestige** folding chair in blue or red velvet fabric will bring a touch of elegance to your event. Our plastic folding chairs **Jet**, **Palme**, **Net**, **Jumbo** are robust, fire treated, easy to transport and store. They offer remarkable value and are our best option for large events. Lifetime **80155**, **2810**, **80587**, **80739** folding chairs offer great comfort, design and stability.

**Comfortable, elegant and sturdy, our folding and stacking chairs offer an excellent price-quality ratio. Easy to clean, simple to transport and to store thanks to our chair carts, our chairs are the best addition to your events and gatherings both indoor and outdoor.**

In addition to our large selection of folding and stacking chairs, we also offer polyethylene (HDPE) or wooden benches, the ideal solution for extra seating capacity. Our folding bar stools are the perfect addition to our cocktail table ref 80362.

*Together with our folding tables, you will have the perfect furniture options for an outdoor event under a pop-up gazebo! Do not hesitate to contact us, our Sales Department will be pleased to offer help and guidance regarding your purchase decisions.*

**FOLDING TABLES**

# OUR POLYETHYLENE AND WOODEN TABLES

Pro-Fold has a variety of quality tables offering great value! Using innovative designs, Lifetime tables are lightweight and durable, perfect for private or public gatherings. Lifetime HDPE tables or Pro-Fold wooden tables are ideal for all occasions: banquet tables, game tables, party tables, camping tables, kids' tables, and much more! Our tables can carry a uniformly distributed weight from 200 to 900kgs and are guaranteed for 2 or 10 years.

## Polyethylene tables

We offer a wide range of HDPE Lifetime tables, in a variety of sizes and shapes. Our folding tables are available in square, round or rectangular shape and in several lengths to seat 2, 4, 6, 8, 10 or 12 people. Polyethylene tables are built for the rigors of heavy-duty commercial use and are the perfect solution for any event. The thick table top is blow moulded in one piece with reinforced HDPE corners to prevent denting upon impact. The rust resistant powder coated steel frame prevents corrosion. For superior stability, each Lifetime table is equipped with a foot locking system and rubber feet to prevent floor damage. For ease of transportation/storage, the legs fit perfectly into the recess under the table top.

Our folding and adjustable in height tables are extremely useful and versatile, as well as great on saving space. Suitable for a host of different events and venues, indoor and outdoor they are completely waterproof and easy to wipe clean.

## Wooden tables

We also offer a selection of folding wooden tables, round wooden tables in dia (33 to 72inch), or rectangular wooden table (6ft). The varnished plywood top comes with a protective band on the edge and the steel frame in black epoxy is guaranteed to offer great resistance to scratches and shocks, humidity, rust and UV. Wooden wedges under the table top strengthen the table and create extra stability as well as helping with storage.

Additionally, our multi-purpose beer tables in 220cm length and 70 or 80cm width will be the perfect addition to your outdoor events. Table tops are made of solid laminated pinewood with marine varnish. Our pinewood tables are UV treated to avoid colour fading and are fire retardant. Our beer tables are equipped with powder coated heavy gauge steel corner legs with a leg locking system to prevent unintentional closure. With the addition of 2 wooden benches it will form the perfect beer set for your garden parties.

**Our polyethylene and wooden folding tables are extremely durable, they do not crack, chip or peel, require little maintenance and are designed for intensive professional use, indoor or outdoor. Thanks to our table carts and trolleys, folding tables can be transported and stored easily.**

We are also offering a selection of tablecloths for 6ft long tables and for our 33inch cocktail table that will give a touch of elegance to your event.

*Together with our folding or stacking chairs, you will have the perfect furniture options for an outdoor event under a pop-up gazebo! Do not hesitate to contact us, our Sales Department will be pleased to offer help and guidance regarding your purchase decisions*

**FOLDING GAZEBOS**

# OUR ALUMINIUM FOLDING GAZEBOS

Discover Pro-Fold's range of aluminium pop-up gazebos. From the extra-strong profile aluminium joints and fixings in the Pro+ Alu 50 to the lightweight Pro Alu 40 , we have the gazebo which is suited to your needs. Our commercial quality pop-up gazebos are delivered with a carry bag and a guying kit. Extremely durable, complying to EU safety standards, easily transportable and quick to erect. Our pop-up gazebos are ideal for promotional events, catering, trade stands, exhibitions, markets stalls and lots more besides.

## PRO Alu 40mm

Our lightweight commercial range in Alu 40mm in sizes **3x3**, **3x4.5** and **3x6m**, is ideal for regular commercial use. Canopies are in 300gr PVC coated polyester which is UV and fire treated, 100% waterproof and customisable on request to add your own touch to the tent. Lightweight, resistant and easy to use, our quality pop-up gazebos will accompany you on all your events. The lightweight aluminium pop-up frame makes handling and storage easier.

## PRO+ Alu 50mm

Our heavy duty commercial pop-up gazebos in Alu 50mm in **3x3**, **3x4.5**, **4x4**, **3x6** and **4x8** have been designed for heavy and regular commercial use by catering and event professionals, rental companies, associations and city councils. Robust, do not bend or rust. The connectors are made of nylon and fiber glass. This aluminium folding tent is heavier to handle but offers greater stability. Canopies are made of 520gr PVC, UV and fire tread, 100% waterproof. This range is ideal for a number of purposes within motorsport and other outdoor activities.

- **We also offer a wide range of accessories: sidewalls, weights, anchors, gutter kits, frame connectors and storage bags.**
- Our gazebos are customisable on request to add a touch of personalisation to your trading stand.
- To create a larger covered space, our tents can be combined with other models from the range by using connectors and gutters. Wherever your event is, Pro-Fold has the model of pop-up gazebo suitable to your needs!

*Do not hesitate to contact us, our Sales Department will advise and guide you in your purchase decisions.*

# PRINTED PRODUCTS

We can offer you a variety of printing options to customise your folding gazebos, stands and folding counters. You can give your gazebo your company colours by having your logo or slogan printed on it. It takes 3 weeks between receipt of the request and the delivery of the printed product.

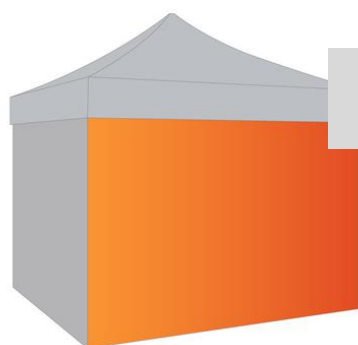

## PRINTED VALANCE

*Printing is made on the valances of the roof in 300gr PVC coated polyester. Customisation possible on sizes 3x3, 3x4.5, 4x4 and 3x6. You can choose to personalise 1, 2, 3 or 4 sides.*

## PRINTED CANOPY

*Printing is made on the whole roof in 300gr PVC coated polyester. Customisation possible on sizes 3x3, 3x4.5, 4x4, 3x6 and 4.7x4.7 and 4x8m. You can choose to personalise 1, 2, 3 or 4 sides.*

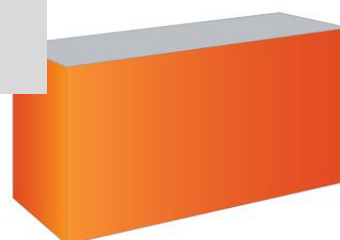

## PRINTED SIDEWALLS

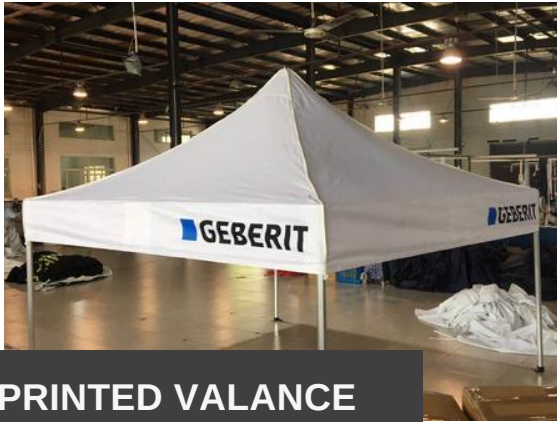

*The printing is done on the outside of the sidewall. Customisation possible on sizes 2m, 3m, 4m, 4.5m ou 6m. The customisation of sidewalls can also be done on the inside of the wall on request.*

## PRINTED COUNTER HALF-WALLS

*Printing on the skirt is done on the front and 2 sides. Available only for aluminium folding trade counters 1.8m or 2.8m (GFBA-18 and GFBA-30).*
